COMPANY PROFILE

REJOIN is a national high-tech enterprise specializing in R&D, production and sales of sports medicine and minimally invasive orthopedic medical devices. Headquartered in Hangzhou, China, Rejoin also has branches in Shanghai, Beijing and Hong Kong. REJOIN was established in 2003 and is committed to providing simpler and more reliable overall solutions for sports medicine and minimally invasive orthopedic surgeons and patients, creating a 105-year plan for REJOIN, built based on sustainable development.

The sales service network covers more than 80 countries and 400 regions in both domestic and international markets, including Europe, America, Asia Pacific, Middle East, Africa, etc. The company employs a team of highly qualified sports medicine experts. REJOIN collaborates with key opinion-leading surgeons, thereby ensuring superior clinical outcomes. REJOIN analyzes the outcomes, follows up with the patients, and continuously enhances and develops new products and techniques.

The company always adheres to the development strategy of internationalization, continuous innovation and digitalization. Relying on reliable high-quality medical device development and manufacturing capabilities, advanced process and production control experience, With global supply chain support, and close clinical cooperation, REJOIN conducts open cooperation with doctors, partners and investors, continuously promoting product innovation and optimizing surgical solutions to make surgery simpler and more reliable, and make unremitting efforts to realize REJOIN's corporate vision of "REJOIN Helps People Enjoy Sports".

CORPORATE VISION

Rejoin helps people enjoy sports

OUR MISSION

Providing simpler, more reliable total solutions for surgeons and patients in sports medicine and minimal invasive orthopedics. Built to last a century and beyond.
